Education

2024-Present **NATIONAL UNIVERSITY OF SINGAPORE** **SINGAPORE**
PhD. in Psychology Student
Recipient of the NUS Faculty Research Scholarship & Graduate Students Teaching Award (GSTA)

2021-2023 **UNIVERSITY OF CALIFORNIA, BERKELEY** **BERKELEY, CA**
B.A.in Psychology, 4.0 GPA, Letters & Science Dean's List for Fall 2021

Experience

2024-Present **NATIONAL UNIVERSITY OF SINGAPORE** **SINGAPORE**

PhD Student - Learning Sciences Lab (Cognitive Psychology)

- Principal Investigator for a multi-experiment study on the impact of learning strategies on test anxiety.
- Led data quality assurance, including managing large Qualtrics datasets, developing tracking systems and dashboards, and evaluating participant accuracy and engagement to ensure data integrity.
- Conducted multiple mediation and multilevel modeling analyses in R to support advanced statistical research procedures.
- Replicated SPSS analyses in R for upcoming publications, enhancing cross-platform reproducibility.

PhD Student - Teaching Assistant

- Led biweekly, 2-hour tutorial sessions for undergraduate students across multiple psychology modules, enhancing understanding and engagement with course material.
- Moderated online platform discussions to extend learning beyond the classroom and share relevant psychology resources

2023-2024 **SAN FRANCISCO VA MEDICAL CENTER** **SAN FRANCISCO, CA**

Staff Research Associate II

- Coordinated enrollment of Gulf War veterans into online sleep therapy, developing an IRB-approved recruitment flier distributed nationwide
- Conducted neuropsychological assessments, including memory and gait analysis, for participants with mild cognitive impairment
- Developed SOPs for and managed the safe handling and storage of biosafety blood and plasma samples in an on-site ultra-low temperature (ULT) freezer for future analysis

2021-2023 **GOLDEN BEAR SLEEP AND MOOD RESEARCH CLINIC** **BERKELEY, CA**

Clinical Assessor (2022-2023)

- Administered clinical phone screens and pre/post assessments for young adults with serious mental illness (SMI) and sleep or circadian problems, determining eligibility and conducting suicidal ideation and clinical assessments for sleep treatment.

Research Assistant (2021-2023)

- Performed exploratory data analysis by developing an Excel formula to calculate sleep time midpoint across the 24h time zone - the formula is now used lab-wide
